1.7 This agreement ends when we have finished installing and commissioning the System, unless we or you end it earlier in accordance with its terms.

1.8 If we have delivered and installed the System, then after the agreement ends the guarantees and related terms in clause 11 will continue for the Guarantee Period.

1.9 Other rules

In addition to this agreement, various laws and codes, including the Australian Consumer Law and, if we have volunteered to be bound by it, the CEC Solar Retailer Code of Conduct, also contain rules applicable to the sale and installation of solar photovoltaic systems, and we will comply with these rules in selling you the System and installing it at the Premises.

1.10 Capitalised terms have special definitions

7. Delivery and installation

7.1 Delivery

Provided the conditions in clause 1.5 have been satisfied, we must, or must procure, the delivery of the System to the Premises.

7.2 The risk of loss or theft of, or damage to, the System passes to you on delivery of the System to the Premises.

Installation

7.3 Provided you have paid the Balance, we will install, or will procure the installation of, the System at the Premises, substantially in accordance with the Full System Design.

7.4 Target Date

We will use reasonable endeavours to deliver and install the System at the Premises on the Target Date.

7.5 You agree, however, that:

- (a) the Target Date is only a target and not a strict deadline; and
- (b) we will not be liable to you if we fail to deliver and install the System at the Premises by the Target Date.

7.6 We will notify you if we do not think we can deliver and install the System at the Premises by the Target Date, and give you a new Target Date.

7.7 If we have not delivered and installed the System at the Premises within 4 weeks after the original Target Date, you can end this agreement and, if you do, we will give you any refund required under clause 4(a).

7.8 Installation requirements

We (if we install the System) or our contractor (if we procure a contractor to install the System) must:

- (a) be a CEC-Accredited Installer; and
- (b) install the System in accordance with the Clean Energy Council Design and Install Guidelines and all other requirements applicable to CEC-Accredited Installers.

7.9 After installation of the System, we will give you any certificate or similar document regarding the electrical safety of the System which is required by law.

7.10 We will take every reasonable precaution in installing the System at the Premises. However, we will not be liable in respect of:

- (a) the structural integrity of the roof;
- (b) the roof's ability to carry the weight of the System;
- (c) any effect installation of the System has on any roof manufacturer's warranty; or
- (d) any damage to the roof or Premises which is not due to our negligence or breach of this agreement.

8. Accessing the Premises

8.1 You grant us permission to enter and remain at the Premises, and to have our contractors, employees, servants or agents enter and remain at the Premises, to:

- (a) conduct one or more Site Audits, if we think this is necessary; and
- (b) deliver and install the System,
- (c) or any related purpose, at any reasonable time.

8.2 You or your representative must be present at the Premises for any Site Audit and for the delivery and installation of the System.

8.3 You must:

- (a) warrant that you are the owner and occupier at the Premises, or you have the express consent of the owner and/or occupier to undertake the installation;
- (b) ensure we and our contractors have convenient, safe and reasonably timely access to all parts of the Premises necessary to conduct any required Site Audits or to deliver and install the System;
- (c) not hinder or obstruct this access; and
- (d) ensure the Premises, including its roof, supporting structures and electrical wiring, are sound and able to accommodate installation of the System.

9.0 System maintenance

9.1 We must provide you with the Maintenance Documents.

9.2 It is your responsibility to maintain the System in accordance with these documents.

10. System performance, Tariffs and STCs

10.1 Site-Specific Performance Estimate

We have calculated the Site-Specific Performance Estimate for the System and your Premises in accordance with the CEC System Design Guidelines.

10.2 STC Incentive

We have calculated the STC Incentive based on:

- (a) the maximum quantity of STCs that can be created in respect of the System under law, taking into account the Site-Specific Performance Estimate; and
- (b) the monetary value of that quantity of STCs, and deducted the STC Incentive from the System Price.

10.3 Assignment of STCs to us

You hereby assign to us all of your existing and future rights, title and interest in and to all STCs created or able to be created in respect of the System.

10.4 You must do anything we reasonably request of you for the purpose of perfecting, confirming or evidencing this assignment, including providing information and executing documents.

10.5 You warrant to us, when you accept the offer set out in the Quote and again on installation of the System, that you have not previously created, or assigned the right to create, any STCs in respect of the System or any other solar photovoltaic generating unit at the Premises.

10.6 Charging you the STC Incentive

If you do anything that:

- (a) obstructs or avoids the assignment under clause 10.3;
- (b) reduces the maximum quantity of STCs that can be created in respect of the System; or
- (c) renders the System ineligible for the creation of STCs, then we can increase the Total Price by the amount of the STC Incentive, and you must pay us the STC Incentive within 10 Business Days of us invoicing you for it.

10.7 Clause 5 does not apply to any increase of the Total Price increases under clause 10.6, and you cannot end the agreement as a result of a price increase, or refuse to accept it.

10.8 Tariff Rates

Your electricity contract/ tariffs may change following the installation of your solar system. It is advised that before you sign a contract, you discuss with your electricity distributor the new feed tariff rates that may be applied. It is also advised to confirm those rates are being applied after your installation is completed.

11. System guarantees

11.1 Subject to clause 11.2, we guarantee:

- (a) our workmanship, and the workmanship of our contractors, in installing the System; and
- (b) the operation and performance of the System,
- (c) will be free from fault or defect for a period of 10 years commencing on the date the System is installed (Guarantee Period), and we will repair any such default or defect notified to us within the Guarantee Period, including by replacing all or part of the System where necessary, within a reasonable timeframe at no cost to you.

11.2 The guarantee in clause 11.1 will not apply where:

- (a) the fault or defect is not notified to us within the Guarantee Period; or
- (b) the fault or defect is a result of:
 - (i) something done by you or someone else, and not us or our contractors; or
 - (ii) something beyond human control that occurred after installation, e.g., an extreme weather event;
 - (iii) the System being misused, abused, neglected or damaged after installation; or
 - (iv) the System being maintained other than in accordance with the Maintenance Documents; or
 - (v) the System being repaired, modified, reinstalled or repositioned by anyone other than a service technician approved by us in writing.

11.3 The guarantee in clause 11.1 is additional to any other guarantee or warranty you may have:

- (a) from the manufacturer of the System; or
- (b) under any applicable law, including the Australian Consumer Law, although these other guarantees and warranties may not cover labour costs, travel costs and delivery costs arising from a claim under these other guarantees and warranties. We will notify you if this is the case, and tell you the costs payable. The costs will be payable in advance.

11.4 During the Guarantee Period, we will provide reasonable assistance to you in making any guarantee or warranty claim against the manufacturer of the System, including by acting as your liaison with the manufacturer.

12. Liability

12.1 You acknowledge that we will use the best endeavours to have the installation completed within the estimated timeframes. You acknowledge however, that the delivery times made known to you are estimates only and may be updated by us, provided we act reasonably in doing so.

12.2 The insurance risk of the System passes to you upon installation at the Premises. Ownership of the System passes to you upon payment by you of the Balance.

12.3 To the extent allowed by law, each party excludes all liability to the other party in connection with this agreement for any indirect or consequential loss, including loss of opportunity, profit, anticipated profit, business, business opportunities or revenue or any failure to realise anticipated savings.

- (b) if the breach is not remedied or the undertaking not given (as the case may be) within seven (7) days of such notice, this agreement may be immediately terminated at the option of the affected party.
- (c) without limiting the operation of this sub-clause, the affected party may agree to waive its rights under this clause if satisfied that the happening of the Termination Event has not in any way prejudiced its position under this agreement.

13.3 You may terminate this agreement before installation of the System. In this event (with the exceptions in clause 4) we reserve the right to recover the costs of services and paid sales commissions to date if an application is withdrawn by you after signing of this agreement and the Site is deemed suitable for solar installation, including by retaining any Deposit, or portion of any Deposit paid.

13.4 Neither party will be liable for the consequences of any occurrence of any event beyond its reasonable control.
